To Whom It May Concern:

This statement is written as a recommendation and endorsement of entertainer, Donovan Simons. He is a quality entertainer. He has the professionalism of being at the facility in plenty of time to set up.

I would highly recommend Donovan not just to long term care facilities, but to Christian schools, YMCA and the boys and girls club, community service organizations such as local churches, boys scouts – girls scouts, local sororities-fraternities, VFW, America Legion and Chamber of Commerce, etc.

Donovan, on behalf of the Activities Staff and the residents of Parkwood Living Center, I want to thank you for your time and talent. Your singing was wonderful! Your music and singing attracted staff, residents and family members. There was a lot of toe tapping, hand clapping, singing and smiles. The program was exciting and entertaining. I am still hearing positive comments about your performance.

We would love to have you back, again in the future. Once again –Thank you, for your time and talent.

Sincerely,
